Gina and Gill,

As specified in the EPA Assistance Agreement protocol, I am submitting our project QAPP for review and approval. It was outlined according to the QA/R-5 document. Please let me know if you need any other supplemental documents (SOPs not all complete yet) or if I can provide any further information. I look forward to your comments and appreciate your review time so that we many get underway with our measurements. I expect some revision of methods throughout the project, so please let me know the protocol for submission of QAPP revisions for the future.

Thanks,
Nichole
